

## FINANCIAL RESOURCES INFORMATION

**We understand not all campers may be able to afford the total cost of camp. We want campers to have access to all the benefits a week at camp offers regardless of financial circumstances. Please find financial resources below should you need assistance to pay for some or all of your camp fees.**

### Third-Party Funding

Some campers may receive resources from state-funded waiver programs or provider services such as respite programs or day services programs. These dollars can also be allocated to summer camp and we work with providers to set-up your agency to be billed for your summer camp costs. Below is a list of providers we have current contracts with, but we are willing to work with any provider that isn't on the list. In order to register a Camper for Ranch Camp, we will need a **Letter of Authorization** from a camper's case manager stating they will issue money to pay for the camper's sessions at camp. Ranch Camp will then bill that provider for the camper's camp fees.

- MHMR (contact your county MHMR division)

### Camperships

Ranch Camp offers partial and full scholarships to campers on a case by case basis as campership funds are available. To be considered for a Ranch Camp campership, please complete a campership application ([www.downhomeranch.org/ranch-camp](http://www.downhomeranch.org/ranch-camp)) and submit along with proof of income. All campership applications are kept confidential and reviewed by our campership committee.
